

BACS-CHSA Conference

“REACH for the cleaning supply chain”

Lea Marston Hotel, Lea Marston, West Midlands, B76 0BY
Tuesday 21 June 2016 at 10.00 am

REACH is in force and has brought new responsibilities for users of chemicals and increased burden of data management for the supply chain. This half day conference seeks to explain the issues and explore practical solutions.

Programme

09.30 Registration – refreshments

10.00 **REACH, COSHH & CLP – how do they fit together?** Peter Woodhead
End users have responsibilities to perform COSHH assessments, partially based on the label information provided by CLP. But REACH has added new obligations to all actors in the supply chain. This presentation will explain how the three regulations complement each other
Technical Director, Selden Research Ltd
and past chairman of BACS

10.30 **Scope, Responsibilities and Deadlines – who has to do what and when?** Martina Williams
Which chemicals trigger REACH obligations? Who is responsible for which obligation? How long do ingredient manufacturers, product formulators, distributors and end users have to comply with their obligations? What are the threats to continuity of supply from the final ingredient deadline?
BACS

11.00 BREAK

Supported by **TOMORROW'S
CLEANING**

“REACH for the cleaning supply chain”

- | | | |
|-------|--|---|
| 11.15 | Safety data sheets – what triggers changes and how frequently can we expect them?
REACH is a continual process. Over the course of approximately a decade new information will be generated for around 100,000 chemicals. The principal form of communicating changes will be through safety data sheets and this presentation explains what constitutes a significant change and how frequently these can be expected to be updated | Simon Bradshaw
Director, Lisam Systems Ltd |
| 11.45 | Critical information not in the safety data sheet – what are the options to communicate it?
For some obligatory information the safety data sheet is not the most efficient form of communication. This presentation looks at some of the options and initiatives available | Randi Hanstveit
Sealed Air |
| 12.15 | Panel discussion | Including invited guest, Dr Robin Foster, HSE |
| 13.00 | LUNCH and close | |
